

COOKIES POLICY

WHAT ARE COOKIES?

A cookie is a small text file that websites often store on your computer or mobile device while you visit them. Using cookies the site remember your actions and preferences (eg log, language or other display settings) so you should not put them back when you get back on the site or you move from page to page. Cookies are also usually used to store anonymous information relating to navigation of the pages (link to entry, exit, residence times etc).

HOW WE USE COOKIES?

It is not necessary to activate the cookies because the site functions, but doing it improves navigation. You can delete or block cookies, but in this case some site functions may not work properly.

The information regarding the cookies are not used to identify users and navigation data are always under our control. These cookies are used only for the purposes described herein.

Furthermore, our pages use cookies to allow Google Analytics to track and examine the use of the site by visitors anonymously; this allows us to verify reports through special activities recorded on our site and how visitors use it, allowing us to improve the usability and user experience.

LIST OF TECHNICAL COOKIES COLLECTED

The table below lists the cookies we collect and what information they contain.

PHPSESSID	Session	Used to browse correctly the website.
bica	Cookies policy acceptance	Stores the acceptance of this cookie policy.

We also use the following third-party cookies:

Google Analytics cookies to collect anonymous and aggregate informations on users' browsing. You can disable these cookies downloading a specific plug-in browser.

Twitter cookies to collect information about users' preferences for the purpose of behavioral advertising. You can disable these cookies with your Twitter account options, or with "Do not track" option of your browser.

Facebook cookies to collect information about users' preferences for the purpose of behavioral advertising. You can disable these cookies with "Do not track" option of your browser.

Celery cookies to provide online e-shop experience, storing user preferences for completing checkout operations and to collect information about users' preferences for the purpose of behavioral advertising. You can disable these cookies with "Do not track" option of your browser.

Youtube cookies to enable users to see our promotional videoclip and eventually related ones and to collect information about users' preferences for the purpose of behavioral advertising. You can disable these cookies with "Do not track" option of your browser.

HOW TO CONTROL COOKIES?

You can check and verify the collected cookies from your browser. You can delete cookies already on your computer and set most browsers to block the installation. If you choose this option, you will need to manually change though some preferences each time you visit the site and it is possible that some services or certain functions may not work.
